

To the Members of the California State Senate:

I am returning Senate Bill 1271 without my signature.

This bill is not necessary for the reorganization of Grant Joint Union High School District. Local voters may pursue district reorganization without the terms and conditions outlined in this bill. The voters impacted by any reorganization will make the determination of what is best for their schools and local communities. Under existing law, there is no need for any additional state action.

For this reason, I am cannot sign this measure.

Sincerely,

Arnold Schwarzenegger
